

Firework night park&ride information

On **Saturday 4th November 2017** Cambridge hosts its annual firework display on Midsummer Common, with some major road closures in place from **6:00pm – 10:00pm**. During this Closure Park&ride service buses will still be able to service all City centre bus stops.

The Madingley P&R bus will unfortunately not be able to serve the inbound Bridge St bus stop from 6pm and passengers will need to alight in St Andrews St.

park&ride buses will be operating prior and after the event, with the last scheduled timetabled service departing from the sites to the scheduled city centre bus stops at approximately **6:30pm, with the display scheduled to start at 7pm**. Buses will continue beyond this time as per scheduled timetable, but are not scheduled to get to the event ahead of 7pm, so please plan your journey.

The scheduled P&R buses will continue to use their scheduled stops during the evening, but special P&R services will operate adjacent to the event to assist people wishing to return to the sites. Details of these special buses and their locations are detailed below. **Babraham P&R will not have additional special services and the last departure for that is 20:31 Emmanuel St, stop E5.**

Towards Newmarket park&ride – Short St **Stop 1, Last bus 9pm**

Towards Trumpington park&ride – Short St **Stop 2, Last bus 9pm**

Towards Milton park&ride – Victoria Ave **Stop 3, last bus 9pm**

Towards Madingley park&ride – Victoria Ave **Stop 3, last bus 9pm**
